

GETTING STARTED

How to Access CommScope University

Register as a new user [here](#) if you do not already have access to MyCommScope.com

Watch the 'How To' video guide

Once you have access to My CommScope you need to request access to the University.

You can do this by clicking on the Tile shown below on the MyCommScope page:

Watch this video for a tour of CommScope University and how to navigate it.

Just Click on any course in the next column for the hyperlink directly to CommScope University!

If you have any difficulties, please contact: trainingsupport@commscope.com

The Whole Pack

[Ruckus Sales Portfolio](#)

This course covers basic positioning across our whole portfolio. It is 27 minutes long and broken out in bite-sized videos. Don't forget to take the exam afterwards as this could help towards your company's Ruckus Certification! We recommend that all Partner employees (Sales/Technical/Marketing) take this course.
