Exam Policy

- RUCKUS accreditation exams are **not** proctored exams.
- You have three (3) attempts to pass each exam.
- RUCKUS accreditations are valid for a period of three (3) years.

EXAM DESCRIPTION

RUCKUS Accredited Wi-Fi Design accreditation demonstrates your ability to investigate and determine the optimal design for RUCKUS wireless network coverage.

Passing this exam confers the **RUCKUS Accredited Wi-Fi Design (RAWD)** accreditation credentials.

TARGET AUDIENCE

This exam is open—but not limited to—RUCKUS system engineers, VARs, network administrators and technical support personnel who are interested in the credential.

SKILL & COMPETENCY

Before taking the exam, you should master the critical competencies and experience covered in the following courses/curricula:

[WSS 200 – Wi-Fi Site Surveys](#)

This course prepares network administrators to investigate locations and determine the optimal placement of access points for seamless wireless network coverage.

CREDENTIALS

Within one week of passing the exam, your credentials will be delivered directly from [Accredible](#), where you can download a high-resolution, print-ready certificate and digital badge.
